**MISSISSIPPI  
DEPARTMENT OF CORRECTIONS**

**FISCAL YEAR 2006  
ANNUAL REPORT**

Dear Fellow Mississippians:

It is with immense pleasure that I present the Fiscal Year 2006 Annual Report on behalf of the Mississippi Department of Corrections (MDOC). This thorough report profiles the agency's accomplishments and performance indicators from July 1, 2005, through June 30, 2006; is filled with a collection of data reflecting the state's felony population; and provides definitions of correctional terminology that I hope you will find useful.

It has been a year of noteworthy achievement.

With public safety as its top priority, MDOC joined nationally touted Pegasus Research Foundation in an unprecedented collaboration with Mississippi law enforcement to integrate criminal information databases, providing law enforcement officers with real time automated information about offenders under MDOC supervision or incarceration. Users have access to records and photographs of more than 21,000 MDOC inmates as well as over 30,000 offenders who are serving under community supervision. MDOC is the first state department of corrections participating in the database program to provide all-inclusive information sharing with law enforcement agencies.

MDOC has one of the lowest costs per inmate in the United States having successfully reduced the daily incarceration cost for inmates housed at state operated facilities for the fifth consecutive year. The FY 2005 PEER Report showed an average cost of \$36.42 per day for inmates of all custody levels housed in the Central Mississippi Correctional Facility in Pearl, Mississippi, Mississippi State Penitentiary in Parchman, Mississippi, and South Mississippi Correctional Institution in Leakesville, Mississippi. MDOC reports a daily cost per inmate of \$34.85 when blending in the cost of the 17 community work centers which aren't included in the PEER Report formula.

State offender work crews continue giving back to Mississippi communities in a variety of ways, providing free labor to nonprofits, municipalities, counties and other state agencies. Following Hurricane Katrina, inmate labor saved thousands of dollars for the citizens of Mississippi. Offender work crews provided much needed help to the Mississippi Gulf Coast region, removing debris from roadways, state and local government properties and private properties; repairing damaged buildings; unloading relief supplies; assisting the American Red Cross in the distribution of relief items for residents; and facilitating in the building of Habitat for Humanity homes.

Recognizing the impact of crime perpetrated against the agency's nearly 3,000 registered crime victims, MDOC conducted the first state prison victim impact panel. The goal of the victim impact panel was to provide inmates information and understanding about crime and victimization, while also providing a forum for crime victims to discuss their trauma. For the 100 participating inmates, the victim impact panel put a face on victimization, helping inmates realize that there is a story and victim behind every crime committed.

All three state prisons, sixteen of the seventeen community work centers, two of our four restitution centers, all eleven county/regional facilities, and five of the six private prisons have continued to be accredited with high scores by the American Correctional Association.

The National Commission on Correctional Health Care has awarded accreditation to the South Mississippi Correctional Institution, the Central Mississippi Correctional Facility and the Mississippi State Penitentiary for providing quality healthcare to offenders by meeting correctional healthcare standards.

MDOC provided valuable treatment programs for offenders, graduating 852 state inmates through the agency's GED, Adult Basic Education/Literacy programs, and 384 offenders through vocational training programs during FY 2006.

The Mississippi Department of Corrections continues to carry out its mission with purpose, enthusiasm and hard work. We remain committed to maintaining high standards of accountability and excellence in public service.

Sincerely,

Christopher B. Epps  
Commissioner

## DEFINITION OF CORRECTIONAL TERMINOLOGY

A&D - Alcohol and Drug Treatment Program

ABE - Adult Basic Education; educational classes designed to improve the academic functioning level of offenders whose grade equivalency is 4.0 – 8.9.

ACA - American Correctional Association

### Custody Class

“A” - This is a minimum custody status, which affords the offenders a more relaxed atmosphere and an extension of social privileges. This custody requires a responsible attitude and the display of a high degree of integrity, along with the ability to work satisfactorily with minimum supervision or security control. The two types of MDOC “A” custodies are as follows:

MOA-Minimum Out - This custody has the least security and supervision required of an institutionalized inmate. Usually this type of custody is housed in a community based facility.

MORA-Minimum Out Restricted - This custody has the least security and supervision required of an institutionalized inmate. Usually this type custody is housed under minimum secure circumstances and may participate in activities on institutional grounds without immediate staff supervision.

---

“B” - This is a medium security status where the offender has displayed a desire to be considered responsible and has progressed to the point where he does not need constant supervision or security control in his work assignment. The two types of MDOC “B” custodies are as follows:

MOB-Medium Out - This custody level inmate is housed in medium security units and must be under direct/constant MDOC supervision when engaging in activities outside the perimeter.

MORB-Medium Out Restricted - This custody level inmate is housed in medium security units and must be under armed supervision when engaging in activities outside the perimeter.

“C”-Close - This custody is also known as Close Custody or Close Confinement. This custody requires an inmate to have close supervision and observation and under positive security control at all times. The offender must be under armed supervision outside the perimeter.

“D”-Maximum - This custody level is a form of separation from the general population by a MDOC Classification Hearing Officer where the offender’s behavior and conduct pose a long term, serious threat to life, property, self, staff, other offenders, or the secure and orderly running of the institution/facility.

“DR” - Death Row

E-Code - Offenders who are temporarily off their facility count due to being at an off-site hospital, on funeral leave or on a 72-hour honorary leave.

ERS - A program whereby offenders eligible under State Code criteria may earn their conditional release to community supervision by the accrual of predetermined good conduct and performance credits.

GED - General Educational Development; a program to prepare offenders whose grade equivalency is 9.0 – 12.0 for the GED test provided through the GED Testing Services of the American Council on Education.

ISP - Intensive Supervision Program (also referred to as House Arrest) requires electronic monitoring and restriction to one's home while not working or otherwise engaged in scheduled programs/activities approved by the supervising field officer.

Literacy - Educational classes designed for low functioning at a grade level of approximately 3.9 or below.

#### Medical Class

One - The offender is able to work in any job to which he is assigned.

Two - The offender may do light outdoor work to include light lifting (10-15 pounds), some construction work, etc. Offenders in this class are unable to perform logging, heavy lifting, and/or strenuous fieldwork.

Three - The offender may do any type indoor work to include cleaning, lifting, etc. The offender can not have direct exposure to sunlight.

Four - The offender may do light indoor work to include clerical or other deskwork, etc.

Five - The offender is medically unable to work. The offender must sign an authorization/waiver to be allowed to work at any job.

#### Offense Types:

Drug Offense - An offense involving the illegal manufacture, transportation, sale, distribution and/or possession of intoxicants and/or mood altering substances.

Sex Offense - Any offense that involves any illegal act of a sexual nature, involving illegal physical contact for the gratification of lust and/or engaging in other specific illegal activities for the purpose of sexual arousal.

Property Offense - Any offense, not in the categories of sex or drug offenses, that involves the unlawful taking, destruction, sale and/or receipt of property, be it personal or public.

Primary Offense - The offense (normally the most severe offense) that is listed as the first offense in the offender's current record.

Recidivism - A condition that results when an offender that has served a period of incarceration is subsequently released and re-offends with a resulting sentence.

Release Types:

Probation Revoked New Sentence - An offender on probation that receives a new sentence for a crime resulting in a revocation.

Probation Revoked Technical - An offender revoked due to a violation of the terms of probation (i.e. not reporting, drug usage)

Parole Revoked New Sentence - An offender on parole that receives a new sentence for a crime resulting in a revocation.

Parole Revoked Technical - An offender revoked due to a violation of the terms of parole (i.e. not reporting, drug usage)

Parole Revoked Alleged - An offender revoked due to a credible report of a violation of the terms of parole (i.e. not reporting, drug usage)

Sentence Expiration - The term of incarceration is completed without any conditional release (i.e. parole, ERS)

Parole - The offender is released prior to the end of the term of incarceration by a decision of the State Parole Board. During the remainder of the sentence the offender will be bound to a strict set of rules of behavior and movement.

Probation Expiration - The offender exits due to sentence expiration with a period of court mandate probation to follow.

Parole with Probation - The offender is released through parole with a court imposed period of probation that will be imposed upon completion of the period of parole.

Shock Probation - An offender that completes the RID program and is released on probation.

Court Suspension - The sentencing judge reviews the case offender's case and determines that the time served and behavior demonstrated merits release. This release type leaves the option to discontinue suspension and renew incarceration.

Discharge by Court - The sentencing judge reviews the case offender's case and determines that the time served and behavior demonstrated merits release. This release type does not leave the option to discontinue suspension and renew incarceration.

Probation - The offender exits prior to sentence expiration with a period of court mandate probation to follow.

ISP/Probation - The offender is released to Intensive Supervision with a period of normal probation to follow.

RID on Street - The offender who has been sentenced to the Regimented Inmate Discipline program but has not been admitted to the program due to unavailable space.

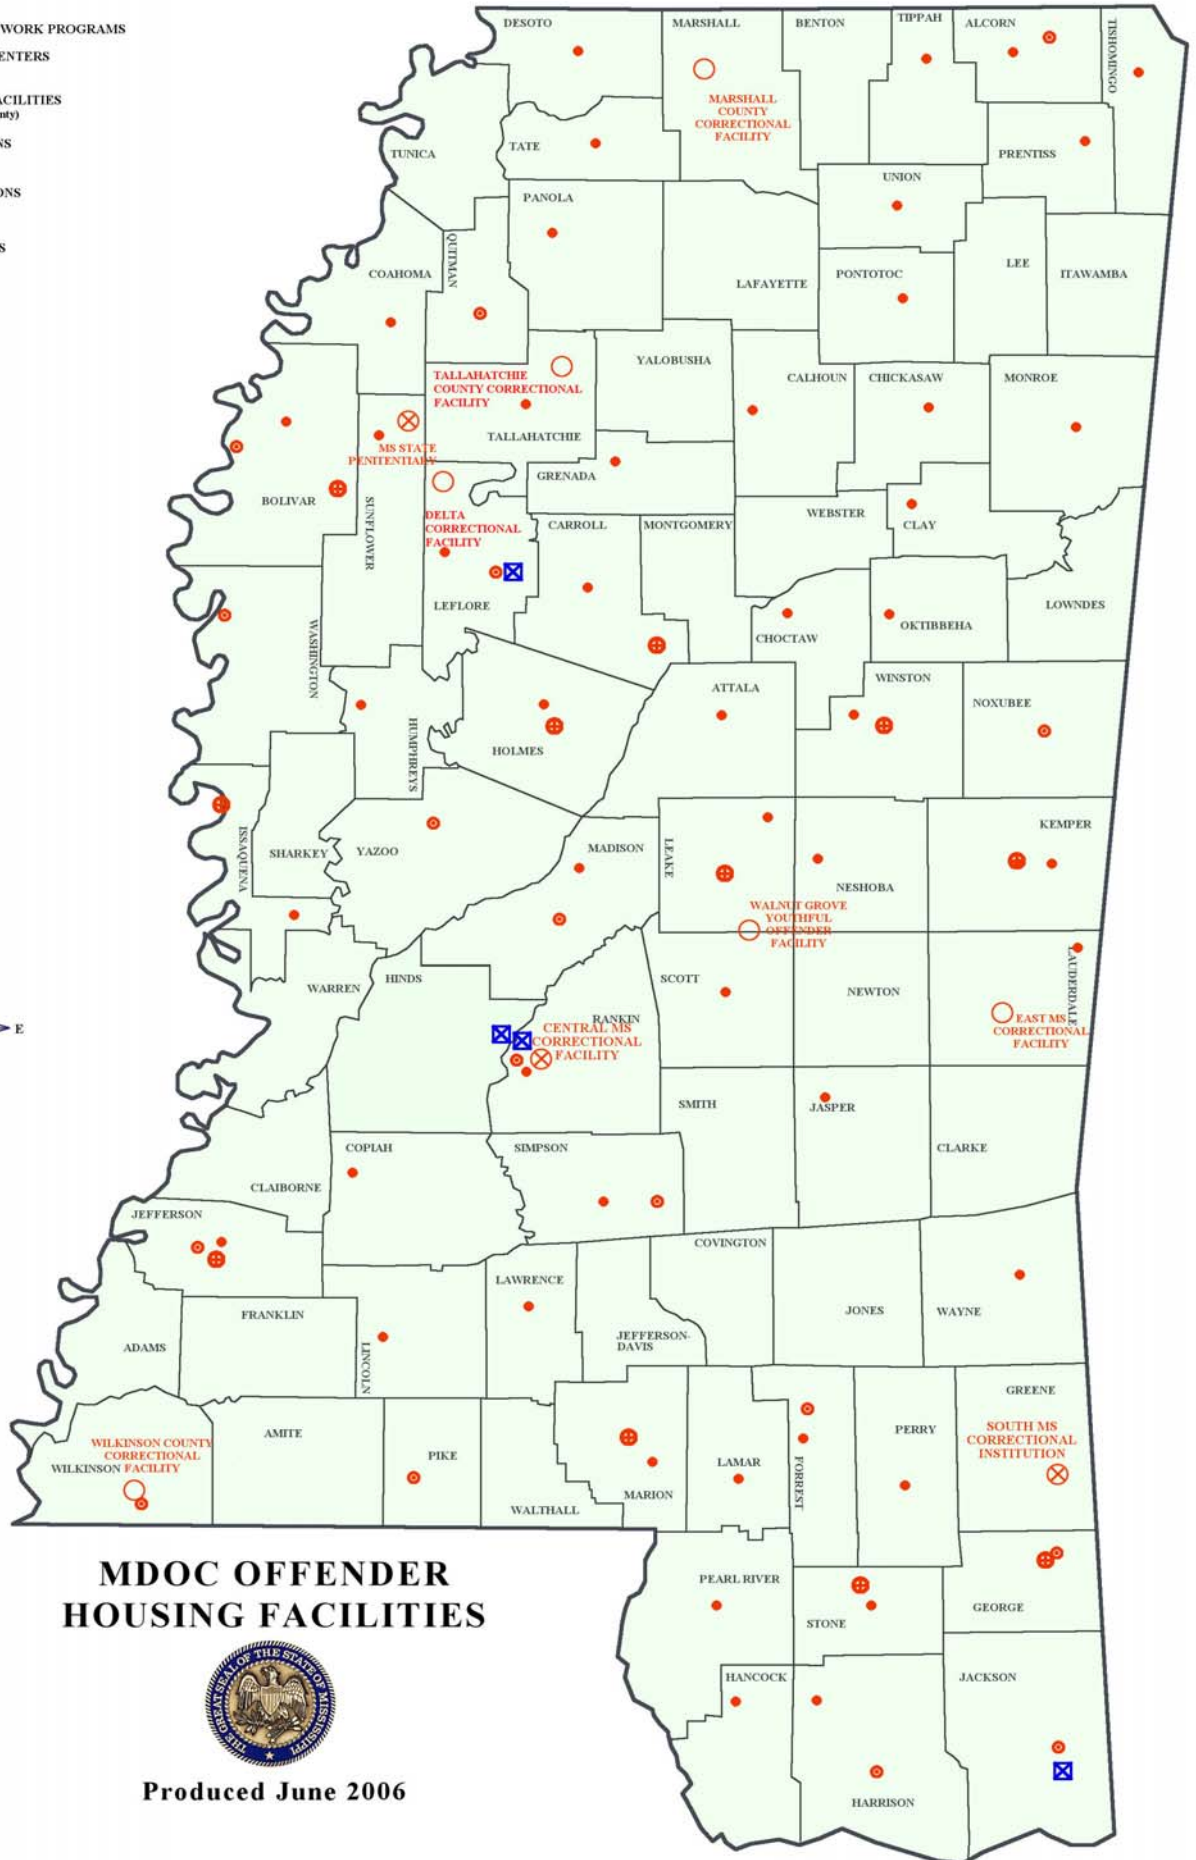

Deferred - The offender, with cause, is released for a period with the remainder of the sentence left to serve.

RID - Regimented Inmate Discipline (also referred to as Boot Camp) is a shock probation program that offenders may be sentenced to in lieu of a longer stay in a conventional prison.

Sentence Length Less Than One Year - These sentences result from judges imposing split sentences. To be sentenced to the MDOC by law the sentence shall be one year or longer; however, a judge may impose a sentence of a year or more with a portion suspended or otherwise. This results in a sentence length with regard to incarceration that is shorter than one year, but is still in compliance with the law for sentencing the offender to the MDOC.

Verification Pending - Offender data not entered due to lack of authentication.

## Community Corrections Division

# COMMUNITY CORRECTIONS

## Programs

The Division of Community Corrections is charged with the supervision of offenders that are still under the jurisdiction of the state. The division conducts field supervision of offenders and oversees a variety of programs that afford offenders an opportunity to re-assimilate into the community. This Division is led by Deputy Commissioner Lora Cole.

### **Field Services**

The Field Services component of the Division of Community Corrections is responsible for the supervision of offenders released on parole, intensive supervision (ISP), earned release supervision (ERS), and sentenced by the court to probation.

### **F.R.E.E. (Facing Reality Educationally and Emotionally)**

The MDOC Division of Community Corrections has eight F.R.E.E. treatment coordinators located statewide that assist field officers in monitoring offender's treatment needs for substance abuse. In addition, treatment coordinators teach a structured life skills curriculum twice a month to assist offenders in other areas of their life that have been affected by their substance abuse problems.

### **Interstate Compact**

The State of Mississippi participates in the Interstate Compact for Adult Offenders. Under the terms of the compact agreement, the Mississippi Department of Corrections (MDOC) provides courtesy supervision to probationers and parolees from other states in exchange for courtesy supervision of Mississippi offenders residing in other states.

### **Pre-Trial Diversion**

The Pre-Trial Diversion program is an alternative to felony conviction in which a defendant voluntarily submits to supervision ranging from six months to three years. Charges against the offender may be dismissed if the period of supervision is successfully completed.

### **Mississippi Re-Entry Program**

The program design consists of three (3) program functional phases: Phase I is the Institutional Phase which includes offenders that meet the age criteria of 20 to 35 years. In this phase, offenders are involved in individual case plans that consist of problem identification, attitude change through cognitive restructuring, treatment and a continual support system that begins in the institution and moves into the community for Phases II and III. Phase II consists of a Day Reporting Center. In this phase, the offender's continued educational needs are met and the offender receives counseling, substance abuse treatment, drug-testing, and family activities which are held at the center. Phase III is on-going support where the offender is fully reintegrated into the community and receives on-going mentor support.

# COMMUNITY CORRECTIONS

## Programs

### **Intensive Supervision Program**

The Intensive Supervision Program (ISP) is designed to provide a level of supervision in a community setting to offenders who would otherwise be incarcerated. Offenders are required to wear electronic monitoring equipment and are limited in most cases to employment, treatment, and worship services activities. Each offender in ISP maintains inmate status and can be immediately placed in a MDOC facility upon violation of the program.

### **Drug Urinalysis Labs**

Community Corrections field officers are responsible for routine and reasonable suspicion drug testing of offenders and random drug testing of 15% of the offender population each month.

### **Restitution Centers**

There are four restitution centers in Mississippi that assist residents in obtaining employment as a condition of their probationary sentence. Money earned by residents is distributed to crime victims for restitution, courts for court costs and fines, and MDOC for room and board. The remainder of the resident's wages, after taxes, goes to the resident's family or to the resident's holding account. Upon completion of the program, residents are transferred to a field officer and remain under supervision for the remainder of their probationary sentence.

### **Community Work Centers**

The MDOC Community Corrections Division oversees 17 community work centers throughout Mississippi. Minimum security inmates are assigned to these centers and are provided a gradual, re-introduction into community life. The program includes alcohol and drug counseling, Adult Basic Education and GED preparation, literacy classes and religious programs.

Each community work center houses approximately 99 inmates that perform a wide range of labor at no cost to city, county and state government agencies and to school districts. This work ranges from community beautification projects to bridge and road work repair, vehicle maintenance, and water, sewer, and sanitation details.

### **Inmate Labor**

The offenders that serve their sentences in community work centers and restitution centers provide free labor to municipalities, counties and other state agencies. A sample of the work they perform includes highway beautification, facility maintenance, road work, and equipment maintenance. In FY 2006, the offenders in the community work centers provided entities with 3,078,014 total inmate hours, valued at minimum wage to equal \$15,851,772.10 in free labor. For the same 12 months the residents in the restitution centers provided entities with 14,327 total inmate hours valued at minimum wage to equal \$73,784.05 in free labor.

## Mississippi Prison Agriculture Enterprises

One mission of the farm program is to decrease inmate idleness and to cut budget costs for the taxpayer. During FY 2006 inmates worked 716,100 hours in the agriculture program.

For the crop year 2006 Agriculture Enterprises planted approximately 1,150 acres of vegetables, 360 acres of rice, 1,220 acres of corn, and 2,500 acres of soybeans.

The poultry facility is in full production with a 36,000-layer capacity. A total of 635,789 dozen eggs were delivered to MDOC food services with a non-cash value of \$358,546 in FY 2006.

The swine operation weaned 806 litters averaging 7.99 pigs per litter with 6,439 pigs weaned. The farrowing equated to an average of 1.90 litter/sow annually. Feeder hogs marketed totaled 5,159 for \$546,233. Mississippi Prison Agriculture Enterprises (MPAE) began shipping light hogs to an outside processor in May 2001. There have been 1,156 light hogs processed with a processed weight of 110,228 that was donated to MDOC food service with a value of \$91,482 during FY 2006. The breeding herd received 178 raised gilts in the herd. The current inventory for breeding, farrowing, nursery, and finishing is 4,449.

The inventory of commodities carried over from FY 2006 had a value of \$220,509.29. This figure includes feed mill inventory, seed, fertilizer, and chemicals not expended during FY 2006.

Non-cash sales for FY 2006 vegetable, egg sales, and pork processed were \$1,353,264. The total pounds of vegetable non-cash sale for FY 2006 was 3,262,198. Egg sales consist of 635,789 dozen.

Vegetable value is based on the USDA Atlanta Market Report. All processed vegetables and eggs were provided to the MDOC Food Service Department. MPAE has sold eggs and vegetables to some private correctional institutions and regional facilities to generate cash dollars of \$2,296.50.

On June 30, 2006, the Agricultural Enterprises Special Fund had a balance of \$298,644.56. Cash income received for Agricultural Enterprises, including deposits in transit, totaled \$1,833,278.

MPAE completed construction of the feed mill during FY 2002 year. The three 42,000 bushels grain bins are used for on-farm storage of corn grown by MPAE and is utilized by the feed mill. This is a cost savings on outside storage and trucking fees. The total cost of the feed mill was \$864,394.81. During FY 2006 the feed mill produced over 32 different feed rations for hog and chicken consumption. They produced 4,434 tons at a price to livestock of \$708,217.

The work staff includes 18 positions. At the present time 18 positions are filled and MPAE has four (4) contract employees.

## Treatment Programs—Alcohol and Drug

**Mission Statement:** The mission of the Alcohol and Drug (A&D) Program is to provide treatment and rehabilitation services to offenders who have a history of substance abuse problems or who commit alcohol and drug related crimes. The goal is to correct the offender's attitude and behavior that supports criminal thinking.

### Mississippi State Penitentiary

**Unit 30 A-B:** The Alcohol and Drug Therapeutic Community Treatment Centers (ADTC-TC) at Unit 30 total 432 therapeutic community treatment beds. Unit 30 consists of two housing buildings (Buildings A and B), with two housing zones in each of the two buildings (Zones A & B). Each housing zone accommodates 108 offenders. Adjacent to each housing building is clinical staff office space. Group rooms and classrooms are in the Unit 30 compound.

The Therapeutic Community Program is a long-term program only. Offenders must have at least six to thirty months remaining on their sentence to enter the program. The goal is to provide a continuum of care whereby treatment begins in the Alcohol and Drug Therapeutic Community to the Pre-Release Program, continues further if the offender is released to Intensive Supervision (House Arrest) with recommendations to continue treatment in the community.

**Unit 28:** This is a long-term A&D Treatment Program for Special Needs (HIV/AIDS) offenders who are within six to thirty months of their earliest release date. This program began operation as a Therapeutic Community in April 2002. Prior to that, it operated as a 12-week program.

**Unit 31:** This is a traditional 12-Week A&D Program based on the principles of Alcoholics Anonymous offered at Unit 31 for Special Needs (Disabled) offenders.

**Unit 25:** The Pre-Release/Job Assistance Alcohol and Drug Therapeutic Community After Care Program at Unit 25 has a total of 60 treatment beds. The program's goal is to provide soon-to-be released offenders with techniques that will enhance their sobriety, employability, social and human relation skills.

### Central Mississippi Correctional Facility

This is a 12-week traditional Alcohol and Drug Treatment in operation for female offenders at the Central Mississippi Correctional Facility (CMCF). A long-term (6 months to 12 months) Residential Substance Abuse Treatment Program (RSAT) is also available at CMCF for female offenders. In addition, a 12-week Treatment Program is also available at CMCF for Special needs (disabled) male offenders.

### South Mississippi Correctional Institution

A traditional Alcohol and Drug Treatment Program was started in June 2000 at the South Mississippi Correctional Institution (SMCI), Leakesville, Mississippi for general population offenders. This program is 12 weeks in duration. It was started primarily for Judicial Review cases that do not have six months remaining on their sentences upon entry to the Central Mississippi Correctional Facility (CMCF), Pearl, Mississippi, the point of entry for inmates into the Mississippi Prison System. This program also serves parole and ISP offenders. In addition, SMCI provides an Alcohol and Drug component in the Regimented Inmate Discipline (RID) Program. In September 2005, a long-term (6 months) program was started for general population offenders.

## Treatment Programs—Alcohol and Drug

### Community Pre-Release Centers

The Residential Substance Abuse Treatment (RSAT) Program is operated in the Flowood, Pike and Quitman Community Pre-Release Centers for offenders who are within six months to one year of release. The offenders provide work in the community during the day and attend Alcohol and Drug classes in the evening.

### Flowood CWC

A twelve-week A&D program is offered at the Flowood Community Work Center for female offenders who are expiring their sentence, paroling or are being released on ISP.

### Community Work Centers

Alcohol and Drug Treatment Programs based on the principals of Alcoholics Anonymous are offered in 14 Community Work Centers. Offenders provide work in the community during the day and attend evening treatment sessions weekly.
